A PLACE FOR EVERYTHING AND EVERYTHING IN ITS PLACE.

A hidden pull-out pantry offers great storage for bulky items.

Easy-lift doors make space to store frequently-used appliances.

Adjustable drawer inserts allow you to tailor drawer space to your needs.

The message center cabinet helps you keep your family organized.

Vertical lift-and-stay cabinets hold the door open for you.

Adjustable peg drawer dividers keep dishware tidy at a convenient height.

Keep items neatly organized under the sink and carry them with you when needed.

Add an automated drive to a hidden wastebasket cabinet for hands-free use.

Careful shelf placement, roll-out trays, tray dividers, and door organizers make this smart storage base the perfect solution for dishes and pantry items. (Photo does not show tray divider).

Tiered drawers create a perfect place for pot and pan lids.

When considering the design of your new space, don't sacrifice style for function. Well-thought-out storage solutions ensure your space works as hard as you do.

Easily access cookie trays and cooling racks with vertical storage.

Store double the amount of flatware with a tiered drawer divider.

Keep the vanity organized with individual compartments.

Keep frequently used spices next to the stove.

Pull-out storage brings heavy pots and pans directly to you.

Store heavy items on a sturdy and convenient lazy susan.

Get an unobstructed view of the contents of the cabinet with a bi-fold lift.

Protect and organize your sink base with a sink mat and built-in door organizers.

Extra deep roll-out trays serve as a great pantry.

STATE-OF-THE- ART FINISHES

Each cabinet is carefully finished to maximize both its beauty and durability. Stains, glazes, highlights, and distressing are all applied by hand. And our exclusive, specially formulated top-coat protects against moisture and household chemicals and locks in rich, vibrant color.

① Each cabinet is meticulously hand **sanded** for a smooth, even finish.

② **Stains** are applied by hand to highlight the natural beauty of the wood.

③ **Professional-grade varnishes** include a catalyzed conversion sealer that's more durable than lacquer to lock in a rich, vibrant color.

④ **Glazes and highlights** are applied by hand, enhancing the unique design, wood grain and finish of each door.

⑤ **Top-coat** adds a layer of depth and provides additional protection from household cleaning products and makes finishes more resistant to yellowing and UV rays.

STAINS are transparent and accent the natural beauty and distinctive grain of your cabinets.

STAIN WITH HIGHLIGHT is achieved by accenting a stain with hand-brushed highlights. The brush strokes are defined and included on profiles of doors and drawer fronts to enhance detail. The original base finish color is not altered in this process.

STAIN WITH GLAZE AND HIGHLIGHT feature an accent glaze sprayed over the base stain and hand-rubbed to create a patina. Hand-brushed highlights are added to define door details. These attributes enhance the color, character and details of the door for the impression of aged furniture.

COASTAL COLLECTION is inspired by the colors of the coast. These color-washed stains allow the natural beauty and characteristics of the wood to show through. Available in Sheer, which is just the pigmented stain or Dry Brush with subtle taupe dry-brush accent.

VINEYARD is a deep red finish accented by a black brush glazed finish.

PEPPERED APPALOOSA Semi-transparent warm gray stain with Legacy Distressing and a dark accent color. Cowtailing and brushed accents enhance the depth of the finish.

CLASSIC PAINT is a lustrous enamel finish which provides solid coverage and a smooth satin sheen.

PAINT WITH HIGHLIGHT is achieved by accenting an enamel base coat with hand-brushed highlights. The brush strokes are defined and included on profiles of doors and drawer fronts to enhance detail without altering the original base finish color.

PAINT WITH GLAZE AND HIGHLIGHT

is an enamel base coat accented with a hand-wiped glaze and hand-brushed highlight to create a patina which enhances both the color, character and detail of the door.

PAINT WITH GLAZE AND HIGHLIGHT AND HEIRLOOM DISTRESSING

is an enamel base coat accented with a hand-wiped glaze, hand-brushed highlight, random distressing and sand through, which creates the wear and patina of heirloom furniture.

DISTRESSING creates a subtly worn look with Antique Distressing or a weather-beaten appearance with Legacy Distressing.

Responsible manufacturing— for you and for the environment

We believe in the skill of American workers and the high quality of American materials—that's why we build all our cabinets by hand here in the Midwest. Medallion products are built to last with the durable, reliable strength you need and the timeless beauty you want—all backed by a lifetime warranty. We're proud to support local businesses and the domestic economy by sourcing our wood products from sustainably managed forests here in the USA, ensuring that more than just our cabinets last. From the forest to the factory to your home, Medallion cabinets are handcrafted for you.

Medallion may help your building or project achieve LEED certification by contributing toward credits in two areas: Materials and Resources and Regional Materials.
